## The Essential Contactless Payment Solution

Contactless payment systems are an exciting new technology, which will enable your consumers to complete transactions by waving their payment cards in front of a contactless reader. The ViVOPay 4000 is one of the most advanced contactless readers available and is designed to provide you with easy, convenient and safe transactions.

## Increase Sales

Equipping ViVOPay 4000 contactless solution will enable you to decrease transactions times, improve efficiency and increase sales at your location. Additionally, your customers will appreciate the convenience and security of not having to display a card for payment.

## Easy to Install

The ViVOPay 4000 has multiple mounting options and can be added to your existing POS system or to new equipment with ease. The ViVOPay 4000 is compatible with a variety POS terminals for physical and functional integration, including the Nurit 2085, Nurit 3020 and Nurit 8320.

## Works with All Major Contactless Cards

The ViVOPay 4000 is compatible with all the primary contactless brands, including MasterCard Paypass™, Expresspay™ from American Express® and Visa® contactless payment programs in addition to private label contactless gift and loyalty cards.

## Ideal for Businesses that Rely on Speed and Convenience

If it is essential that your transactions are completed as quickly as possible, the ViVOPay 4000 is the ideal payment device for your location. The ViVOPay 4000 is perfect for quick service restaurants, gas stations, conveniences stores, parking facilities, transit services, hospitality areas, ticket booths, car rental businesses and single and multi-lane retail locations.

## Add the Benefits of Contactless Payments to Your Business

Adding a ViVOPay 4000 contactless device to your location provides an excellent way to improve efficiency, increase sales and enhance customer loyalty. Contactless payment solutions are quickly gaining popularity among consumers due to their convenience and security. Contact your local sales office and add this innovation to your business today.
